JOINTLY INSTALL THEIR OFFICERS.

California's Own Sons and Daughters Have Brilliant Affair

The joint installation of officers of the Native Sons and Native Daughters of the Golden West last Monday evening was a brilliant affair and attended by fully two hundred. The installation ceremonies took place in Odd Fellows hall where the Grand Officers and many visitors witnessed the fine work carried through by Sonoma's progressive and popular lodges. The Native Sons installed the following officers:

Junior past president, John F. Picetti; president, Charles E. Groskopf; first vice-president, Joseph I. Keiser; second vice-president, F. C. Helberg; third vice-president, W. E. Helberg; marshal, Al Groskopf; inside sentinel, E. C. Campbell; outside sentinel, N. Dal Pogetto; trustee, D. W. McGill.

Immediately after the stalwart Sons of California had been officially inducted into office amid hearty applause, the new president, Chas. E. Groskopf, addressed the meeting and the prettily gowned Native Daughters made ready for their impressive and beautiful ceremonies. The officers installed were:

Past president, Florence Adler; president, Florence Robin; first vice-president, Dorothy von Hacht; second vice-president, Albina Quartaroli; third vice-president, Myrtle Hardie; recording secretary, May Norrbon; financial secretary, Olga Campbell; treasurer, Susie Bathecher; treasurer, Rose Basaglia; inside sentinel, Helen Kerner; outside sentinel, Stella McGill; organist, Leonora Fochetti; trustees, Nellie Peterson, Anne Bolin and Helen Lutgens.

Miss Gertrude Breitenbach was the efficient and stately marshal, while the installing officer was Mrs. Foley of San Anselmo assisted by Anna Gruber. The daughters of the Golden West in their white gowns and with pride of their native state in every step took their various stations and went through every detail of the work with the greatest credit, for the parlor is a young one and the girls and young matrons have not participated in many installations yet the ceremony was faultless and at the conclusion Mrs. Foley complimented them highly and in her sincere and winsome manner prophesied a brilliant future for the Order in our historic City of Sonoma.

After a witty and clever speech by visiting Grand Third Vice President Wm. Canbu of San Francisco, the natives and their guests adjourned to the Woman's Club House where dancing and feasting were to conclude the affair. The clubhouse was brilliantly illuminated and as the merry-makers came trooping in and automobiles drew up to the curb, one might easily have conjectured that the evening was to be one rounded out with the most enjoyable festivities of the winter social season.

FIRE DESTROYS WEISE HOME

Supervisor and Family Suffer Complete Loss by Conflagration.

The Harry Weise home above Glen Ellen was burned to the ground Monday morning and the supervisor's family lost everything in the conflagration except the clothes on their backs. Mr. Weise had gone down to the county road to await the auto bus and he had been gone but a short time when his wife and daughter discovered the flames which enveloped the home even then doomed to complete destruction. Mrs. Weise and Helen ran to summon help but by the time fire fighters reached the scene the roof had fallen in and it was impossible to save any of the household effects whatsoever. A defective chimney is thought to have started the blaze.

The house was the old Williams homestead around which many fond recollections cling to those raised at the comfortable hearthside and those who enjoyed the hospitality of its familiar walls. Mr. and Mrs. Weise had modernized it and made it one of the most attractive ranch houses in the upper valley. They lost many valuable keepsakes in addition to furniture and also considerable jewelry. The family is now domiciled in a summer bungalow on the ranch, which they formerly rented out. Three thousand dollars insurance was carried on the fire-swept structure.

We are in receipt of a very polite letter of thanks from Senior Blaz Ruiz of Manzanillo for the article published in last week's issue. He says it was more than he expected as a result of the interview but most valued and appreciated as it sets him right in the estimation of the people of this community of whose confidence and friendship he is most desirous.

DUFFY LEWIS CREATES A SENSATION.

Duffy Lewis motored into Alameda from Boyes Springs yesterday, and everybody in the Encinal City knew that Duffy was in town. The crack outfielder of the Red Sox was at the wheel of the greenest car that was ever painted. The color could not have been any lighter or more conspicuous and every time Duffy cranked 'er up he led a parade. The kids thought a circus had come to town, while some folks thought the machine was advertising some 17th of March event. When Duffy stopped to watch the soccer game at Johnny Croll's place the players quit kicking the ball for a time and inspected the chariot. Several horses made their get-away and domestic pets beat it over the garden wall when Duffy approached. It was the loudest noise ever heard in Alameda. Oakland Enquirer.

lighted the dance lovers with exceptional music and between dances a delicious supper was served at attractive tables where groups of congenial friends gathered and enjoyed the appetizing repast provided by the hosts and hostesses. The tables were decorated with ferns and golden hued poppies and though the California poppies were artificial the effect was beautiful and offset by the tribute to California's emblematic flower and by the genuine California hospitality which prevailed. Mrs. Florence Robin, president of the Native Daughters had appointed most efficient committees, and the guests were splendidly taken care of. Tables were set in the club parlor and in the balcony and the service and refreshments were all that could have been desired.

At 2 o'clock the fine affair came to an end and many were the congratulations bestowed upon the Order. "I love you California" yelled from every heart at the thought of the fine young men and women who are members of Sonoma's lodges whose joint installation was an occasion de luxe, the last word in hospitality and reflective of the true spirit of the bounteous Golden State.

Following were the guests from Santa Rosa: County Treasurer J. W. Ramage, Chief of Police Boyes, Walter Brown, Installing Officer Marvin Robinson, Attorney L. E. Fulwider, Postmaster C. O. Dunbar, County Assessor J. C. (Hoke) Smith, Judge M. T. Vaughan, Virgil T. Butts, West Mallory, John Seegelen, Chas. Ball, Wes Colgan and George Priadla.

SHOCKEN GETS JUDGMENT

S. Shocken got judgment in Judge Seawell's court Tuesday for \$2162.00 against Mary Foley as administrator of the estate of Anna Habinger. F. T. Duhring was commissioned to sell real estate to satisfy the judgment.

MOTHER CROSSES GREAT DIVIDE.

Mrs. M. A. Johnson, former Resident Dies in Long Beach Tuesday.

Mrs. Mary Alice Johnson, mother of Claude and L. H. Johnson of this place died very suddenly at her home in Long Beach Tuesday. Mrs. Johnson was the mother of a large family of children, most of whom grew up in this valley where their home was the center of much social life and in which Mrs. Johnson herself was always a most gracious and pleasing hostess. Left a widow in 1882 by the death of her husband, Orrick Johnson, she was the devoted companion of the family during their long residence here and after most of her sons and daughters married, she left the old homestead and of recent years has made her home in Long Beach with her daughter, Mrs. Garrison. Not long ago during the Exposition she was here in Sonoma visiting her son Claude, and just the day before the telegram came announcing her death, a letter from Zelma Johnson Paulstine stated that her mother was enjoying good health. The family were totally unprepared for her death and it came as a shock to them all.

Mrs. Johnson was aged 76 years and she leaves to mourn her passing the following children: Orrick Johnson of San Francisco, Mrs. O. D. Garrison of Long Beach, L. H. Johnson of Sonoma, Mrs. G. S. Zane of Woodland, Claude E. Johnson of Sonoma, Leonide B. Johnson of Long Beach, Mrs. O. P. Palstine of Long Beach, and the late H. C. Johnson and Mrs. F. W. Weems.

Mrs. G. S. Zane of Woodland and Mr. and Mrs. Orrick Johnson left for Long Beach Wednesday morning. Mrs. O. D. Garrison the eldest daughter is critically ill and her recovery is dispaired of.

THE GOLDEN BEAR STAFF FOR 1917

The following High School students have been elected to the 1917 staff of the Golden Bear, the school annual, and with the clever talent comprising the personnel of the force, this year's book should be par excellence.

Business manager, Mildred Ranker; assistant, Stewart Potter; Editor, Marie Minkel; assistant, Robert Harrison; Literary, Evelyn Goldsmith; Debating, Rodney Prestwood; Athletics, Clyde Johansen; Department Editor, Wallace Rankin; Exchange, Mildred Russell; Alumni, Ethel Evans; Society, Edda Johansen.

HIGH SCHOOL BUYS MORE LAND

The Sonoma Valley Union High School Trustees have purchased a lot adjoining the school property from the Burris family. The lot is to be used for the new manual training building and \$600 was the price paid. F. Clewe has the contract to equip the new department with furnishings and Duhring will supply the tools necessary for the students taking the new course.

Mr. and Mrs. Walter Bundschu attended a recent reception of note at Santa Rosa. They were guests of Finlow Geary, a brother-in-law. Mr. Bundschu is one of our new Grand Jury.

The 2nd installment of city taxes is due and payable on or before the 1st Monday in February and will be delinquent. Five per cent will be added to the amount thereof and that liens will be attached after the 1st Monday in March 1917.

YOUNG HEIRESS WEDS AT MISSION.

Floy Welker, Granddaughter of Mrs. Julia Burris is Married Quietly at old Mission in Santa Barbara.

Miss Floy Welker, the only daughter of the late Alice Burris Welker and a granddaughter of Mrs. Julia Burris of this place, was married in romantic fashion at the Mission Santa Barbara on the 8th of this month to Victor A. Chargin of San Jose.

Miss Welker is an heiress to the Burris fortune, her mother having shared in the estate of the late David Burris, banker and extensive land owner. A few months ago at her beautiful home in San Francisco, Alice Burris Welker died leaving her daughter a whole orphan, for the father had predeceased the mother. Floy continued to reside in the metropolis with old friends. A few weeks ago she purchased a limousine and went down to Santa Barbara to visit relatives. There she met and renewed a former friendship with Mr. Victor Chargin of the Garden City and after a romantic courtship they stole over to the old Mission and were quietly married.

Of the event the San Jose Mercury Herald says: Old Mission Santa Barbara was the picturesque spot chosen by Miss Floy Welker of San Francisco for plighting her troth to Victor A. Chargin of this city and it was there the happy young couple was married Monday January 8, by the Rev. Father Dominick, Franciscan pastor of the Mission. Following the simple but impressive ceremony, Mr. and Mrs. Chargin departed on an automobile tour of Southern California and later on will be at home to their friends in this city.

The attractive bride is a talented society girl who was left an orphan by the death of her mother a few months ago and it is on account of her recent bereavement that a quiet wedding was planned. She is a graduate of the Dominican academy at San Rafael and also of the College and Conservatory of Notre Dame in this city. She is an exceptionally gifted pianist and is a great favorite in musical circles about the bay and will be a welcome addition to society and musical circles here.

The bridegroom is the son of Mr. and Mrs. Joseph A. Chargin and since his graduation from Santa Clara university has been associated with M. E. Arnerich in the realty business here. He is looked upon in the business world as an up-to-date energetic young man for whom the future holds promise of a successful career.

Several smart little social affairs are being planned for Mr. and Mrs. Chargin upon their return from the south. Artistic portraits of the young couple accompany the article.

ACCIDENT TO J. P. SAMUELSON

J. P. Samuelson, the well known pioneer who was for many years foreman of the Tiburon shops and who recently retired on a pension and purchased a home at Sonoma, was brought to this city Thursday evening to receive treatment.

While walking at Sonoma a few days ago he stumbled and fell against a wall and dislocated one of his shoulders, the injury being a very painful one and practically disabling the sufferer.

Mr. Samuelson is a well known member of Petaluma Lodge No. 30, I. O. F., and is a close friend of Mr. and Mrs. D. J. Healey and other Petalumans. In the past years he spent much time here and this was always his trading point. "Sam's" many friends will hope for him a speedy recovery. Petaluma Argus.

SONOMA FIRM AVERTS COAL FAMINE.

The well known firm Batto & Sons have been shipping coal to Santa Rosa to help avert what has practically been a coal famine up there.

Merchants at the county seat sent out an S. O. S. call and the enterprising Sonoma and Vineburg firm came to the rescue sending up a part of the consignment received last week at the spur.

The arrival of the coal which was overdue two months, relieved what was becoming a dangerous shortage in our own valley and families breathed easier when they heard the good news. Not only have we had plenty of coal, but Batto & Sons took no advantage of the situation due to the shortage and the great demand during the protracted cold spell. The prices have remained unchanged, 75c per sack being the price here and 85c for that sent to Santa Rosa.

The shortage of coal all over is due to severe weather in Utah's mountains where the coal is mined and cannot be transported to the main line railroad route.

Batto & Sons are expecting another carload but as the prior order was in three months ago and just arrived last week, it is hard to say when conditions will again be normal.

THE LENTEN SEASON

The Lenten season will be early this year as Ash Wednesday, the first day of Lent, will fall on Wednesday, Feb. 21st, the day before Washington's Birthday.

Palm Sunday will occur on the 1st of April while Good Friday will occur on April 6th.

Easter Sunday will fall on April 8th, the earliest period for some years.

The above dates are gleaned from the White & Wyckoff calendar, and if there are any errors it is up to the calendar people. It will be remembered that there was an error last year, owing to a calendar mistake, but this year the dates are thought to be correct.

GROWERS ANSWER INQUIRY

In answer to the inquiries sent out by the Sonoma promotion body relative to the attitude of growers on the packing house question, there has been a showing to date of about 800 tons of pears and apples from producers anxious to cooperate in the matter. More are yet to be heard from.

GOOD PROGRAM FOR TONIGHT

St. Francis Entertainment to be Replete With Fine Features.

At the entertainment in Union Hall tonight for the benefit of St. Francis Church, a program will be presented which is sure to please lovers of talent and cleverness. The name of Elmer Gallagher will in itself ensure a large house for he is the last word in laugh producing song and is usually assisted by his clever dog. The graceful dancers Quinlan, Noonan and Griffen of San Francisco will appear in some fascinating new steps while Fred. Hansen, violin, Misses Walsh and Heffernan and Mrs. Empanan will contribute vocal numbers. Dancing and refreshments will conclude the evening and a large crowd is expected, the sale of tickets at 25c having been very successful.

An aged man named Reese died at the Baxter tract Wednesday and was buried in Valley Cemetery.

A. W. Agnew of Petaluma has filed a petition for the guardianship of his friend, Herman Bahrs, 83 years old. The aged man has \$405.33 in bank and a \$1500 ranch.

The little daughter of the Ned Wilsons of Kenwood was painfully bitten by a dog last Saturday and had to be taken to Santa Rosa for treatment.

Robert F. Abele the plumber, has purchased the Weber cottage on Broadway and is now making his home there.

Mr. and Mrs. Charlie Anderson of Plymouth, Indiana, are visiting their old friend Mrs. Esbach.

SISTER AMBROSE GOES TO HER REWARD

Sister Ambrose of the Presentation Convent who before taking the veil was Ellen Murphy, passed away here Thursday after an illness of two years. Sister Ambrose was the friend and help of the little children both in academies of Berkeley and San Francisco where she taught. A solemn requiem mass was said this morning at 5:30 in St. Francis Church after which the remains were taken to Oakland via El Verano and will be laid to rest in St. Mary's cemetery today. Sister Ambrose was 45 years of age and a native of County Cork, Ireland.

SONOMA MAN WILL PUBLISH SONG.

"California, Queen of States," the song that promises to have a great run of popularity is shortly to be published by the composer, Z. T. Spencer, president of Sonoma's booster organization. The song is very pretty and expresses just the sentiment for a state song. Music lovers are awaiting the announcement of date when copies can be purchased.

EIKS GO TO PETALUMA

The fine affair given by the Eiks at Petaluma in honor of Duffy Lewis, was attended by a big contingent from this valley and all were delighted with the hospitality of the Petaluma brotherhood. Arthur Drake was initiated into the order and others attending from here were Dal Empanan, Wm. Gowan, Jas. Baines, Henry Bates, Dr. Hays, Sam Lewis, Vic Leveroni, Emmett Mullen, Louis Lamotte, Frank Boisson and Bill Hill.

TWO AUTO ACCIDENTS

While rounding the hoodo curve near Verano last Sunday evening, E. Chapius had the popular misfortune of having his roadster skid and as a result his left arm was broken. The injured man was conveyed to the hospital in Santa Rosa and Dr. Jesse is in attendance. This is the fourth accident to happen recently at the Verano crossroad.

On Monday evening, a Ford bringing several Native Sons from Santa Rosa to the ceremonies here, overturned near Agua Caliente as a result of a defective steering gear. The machine was righted and the party started on its way only to have the "animal" start on another dangerous rampage. This time the occupants got out before the car went over and help was summoned from a local garage. Other than a cut lip, the party which consisted of West Mallory, W. Logan, Chas. Ball and J. Seigelen escaped injury.

GRAPE GROWERS STATE POSITION

Take Stand to Protect Industry From Onslaught Of Prohibition

As fanaticism is rapidly charging every individual and every association opposed to prohibition with being in favor of the continuation of all that is evil in the liquor traffic, the California Grape Protective Association deems it due to itself plainly to state its stand—a stand which it has taken for many years.

This Association is and always has been in favor of the maximum of regulation in this matter so that gradually there shall be scarcely even the minimum of evil. This association is not wedded to the American saloon. It never has been. It believes the evils of the present system could be practically exterminated if the people would awaken from their provincialism and follow the example of continental Europe. In the cafes and gardens of Germany, France, Italy, Spain, etc., where men and women, priest, rabbi and minister, congregate together to sip light wines and beers and to while away a few hours in pleasant converse, drunkenness is unknown and even occasional intoxication is extremely uncommon.

In those countries, the evils of the liquor traffic, as we know them, are non-existent and the drink problem has been solved by the custom of the people—a custom no fair minded friend of temperance over there would change, and those beneficial results are patent to any intelligent and unbiased observer from the United States.

But this happy condition of affairs would not be adopted by our people for many, many years to come, if ever. In their lack of understanding they condemn that which merits approval.

So it becomes a necessity for California to treat the saloon as it is. Therefore the California Grape Protective Association declares the saloon must either be reformed drastically or must be eliminated as a means of distribution; and this association pledges itself to aid such reform with all its strength and whatever influence it may have; but if the saloon be not reformed thoroughly, this association will stand for its entire abolition.

The California Grape Protective Association is in favor of high license and a sweeping reduction of saloons, not more than one to every thousand of the population in any place.

It stands for the total elimination of the dives and disreputable cafes and for unconditional abolition of "side entrances" and private nooks of any character.

It believes there should be no saloons in the residence districts of any city, and that wine merchants, wholesale liquor dealers and brewers should not be permitted to have any financial or other control or partnership interest in any saloon, and that no man in any way interested in liquor selling should be permitted to go upon the bond of a saloon keeper.

It is in favor of midnight and Sunday closing. It holds that no intoxicated man should be served with liquor under any circumstances.

It favors a very heavy fine for the first offense against any liquor regulation, and the enactment of a law that upon the second offense not only shall the owner and manager of the offending establishment never again be allowed to have a license to sell liquor or to be employed in any place in which liquor is sold, but that the building in which said second offense has occurred never again under any circumstances, shall be permitted to be used for liquor selling.

And if some such regulations as are here briefly outlined are not enacted and strictly enforced, then the California Grape Protective Association will be in favor of driving the saloons out of this State.

ENJOY THE BALL AT GLEN ELLEN

The ball given by the Native Sons of the Glen Ellen Parlor for the Homeless Children fund, proved a most enjoyable affair and was attended by many party lovers. Pan-crazi auditorium never looked prettier than in the decoration of ferns and greenery which festooned the walls and ceiling of the dance hall. Guiddoti's orchestra from Santa Rosa furnished fine music and the floor was ably managed by Julius Panerazi, Milton Sobbe and other prominent natives. Charley Poppe was the efficient door keeper. At midnight a fine supper was served at the Roma Hotel.

Seeing The Ludicrous In High Places

"For Press Use" is the title of a typewritten page from the office of the Collector of Internal Revenue which after reading leads us to believe that the press is in this instance the kind intended to squeeze something--to squeeze free publicity from the already much squeezed newspapers. This might not be funny--per se but coming as it does from Joseph J. Scott, Collector of Internal Revenue for Uncle Sam and being nothing else but a Notice to Income Tax Payers which he wants published for nothing in the columns of this and other papers not blessed with Hearst incomes, great, Scott, it is to laugh! Let us analyze the official request that we all may laugh and thereby clarify the situation. It says "I enclose for your information, and for publication if you see fit, certain information regarding the new income tax law." Now the editor in these days of increased paper cost, and high cost of living does not really feel that the subject of income tax vitally interests him, that it is not applicable to ordinary citizens like editors. Perhaps with this idea faintly occurring to Mr. Scott he continues, "The present law has considerably changed the old law and I really believe that the enclosed information will be of interest to your readers." We appreciate the compliment that our readers are of the income tax paying variety, but at the same time we rise to remark that most of our subscribers are not while some of our readers who have almost if not quite enough money to get the income tax collector after them, take the honorable course of borrowing the Index from their neighbor who perhaps is no where near the income tax class but who is honest and public spirited enough to take and pay for his home paper. Indeed these little, unpretentious, modest income folks are the sinews of the home papers and do more for the community in general than the average big bug so when Mr. Scott begins to talk income tax to the Index Tribune family he is going over our heads except in a few instances and these well-to-do friends and patrons of ours will resent Scott's way of getting information to them by the time we get to the end of our story.

"Thanking you in advance for any consideration you may give this matter, I remain yours very truly etc." Instead of paying us in advance for what is nothing more or less than a Notice to Tax Payers (of the income variety) a class of advertising which every municipality and county in the state pays for, we are politely and also adroitly asked to publish gratis a notice "to come through." The text of the notice is fraught with evident impudence and contains the funny reminder that "lack of information will not be accepted as an excuse for not complying with the law." And yet Mr. Scott is to get this information to the people through the generosity or foolish-good nature of the press and if it fails him he will be forced to deal rather harshly with people who have a right to be properly and regularly informed in advance of what is expected of them. As a matter of fact notice should be given and paid for. Verily the internal revenue nerve system has no internal derangement but a re-arrangement of its system of doing business with the newspapers is earnestly suggested and requested.

This is all the consideration we were moved to give in the matter and we leave the justice of our point of view in the hands of the best jury on earth--public opinion.

In commenting on the exhibit of Sonoma County curios advocated by the press of Santa Rosa, our friend Editor Andy Nowlin of the Sotoyome "Seymitar" jokingly declares that Elmer and Ernest (Mobley and Finley) might be a pair of good exhibits and be very nicely accommodated to two pedestals at the 4th street entrance of the Santa Rosa Court House. What's the matter with a pedestal for you Andy? An editor with a \$1 subscription rate is a curio.

Senator Slater has become famous already at Sacramento not by any hook or crook, but by a hook which he wants permitted on spears under the fish and game laws. We would like to see him get the hook necessary to rid the sea of matrimony of adventures. Something more vital please Mr. Slater than aquatic pastimes and Isaak Walton's complete angling ideas.

A lady tourist 101 years old accompanied by her 75 year old son, have at last their heart's desire "to see California." To come to the golden state at the end of the trail is next to reaching paradise which may sound like a California but it is good for those abroad to know that we at home are not unappreciative of the sublime beauty and manifold blessings about us, even at the expense of being an Inez Hayes Gilmore extremist.

We would have liked to have seen a woman on the State Board at the Eldridge Home where so many feeble minded girls are patients. These are the kind of positions where women appointees can be valuable if the word Home is to convey any part of its original meaning.

The origin of the term measure as used at Sacramento must have come from the quantity not the quality of the average "hunk" dished out up there.

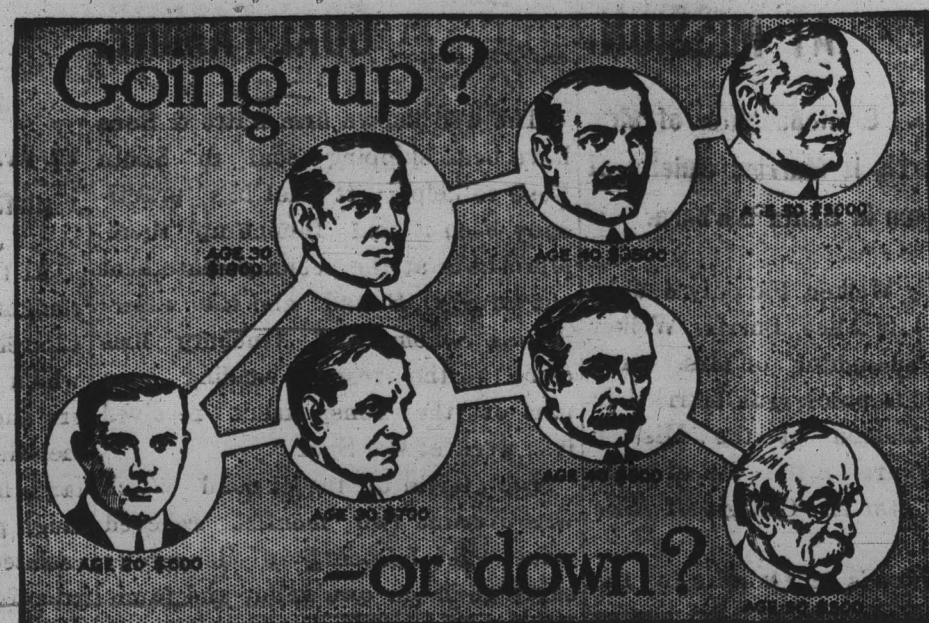

Taking road matters out of politics by taking the power from the supervisors and giving it to county engineers is an important Slater measure at Sacramento.

We had genuine icicles here Tuesday morning. The wind dashed the spray from the plaza fountain over the rocks at the edge of the pool and the spray froze into the most fantastic icicles, the cold keeping them perfectly all day Tuesday.

CREAMERY FIGURES SHOWS DAIRY GROWTH

The volume of business done by the Mission Creamery last year, shows the importance and growth of the dairy industry in Sonoma Valley.

Mr. Joseph Vella, the enterprising owner of the creamery enterprise, says his business is growing right along and much Sonoma dairy produce is shipped through his firm from here. The figures on the various products handled during 1916-1917 are as follows:
Milk, gallons 147,250.
Cream, lbs. 30,000.
Cheese, forms 18,250, 127,750 lbs.
Butter, lbs. 63,875.
Eggs, dozen, 93,000.
Cream cheese, lbs. 43,000.
Total business, \$43,000.

This amount of money which has been put in circulation in Sonoma Valley is business development that counts and the Mission Creamery enterprise should be fostered and encouraged by the community in every way possible.

GRAPE GROWERS FRAME DRASTIC ACTION.

The California Grape Protective Association met Thursday in San Francisco, adopting resolutions favoring drastic action in the conduct of saloons in this state.

Whereas, The grape and wine, industries of California are desirable and legitimate industries, fostered and encouraged by the State and Nation; and whereas, we believe that the only way to enjoy and derive benefits from wine is to use it at the table with meals, whether in the home, the hotel, the restaurant, the cafe or the club; and whereas, the people of California, by their vote on November 7, showed conclusively that they were against complete prohibition and the annihilation of the grape and wine industries, but in favor of abolishing the saloon as it is conducted today; therefore be it

Resolved, That the California Grape Protective Association in mass meeting assembled, is strongly in favor of drastic steps to clean up all places where spirituous, vinous or malt liquor are sold to be drunk upon the premises and if this cannot be promptly accomplished, that we will get behind any movement that will endeavor to abolish them forever.

DO YOU DREAD WINTER?

If every man, woman and child in this vicinity would only take one spoonful of

SCOTT'S EMULSION

after meals for one month, it would put vigor in their blood to withstand the rigors of winter weather and help prevent colds, grippe and winter sickness. SCOTT'S is a fortifying medicinal food of particular benefit in changing seasons, and every drop yields direct returns in richer blood, stronger lungs, and greater resistive power. No alcohol in SCOTT'S.

PATIENT SUFFERER AT REST

**Mrs. John Saunders Passes Away
and is Mourned by All who Knew
this Most Estimable Woman.**

Mrs. John Saunders, wife of John Saunders of Napa Soda Springs and sister of Mrs. Millerick and Mrs. Kehoe of this valley, passed to her eternal rest in San Francisco last week and was buried in the Catholic cemetery at Napa Saturday morning. She had been a patient sufferer from rheumatism and for some time has been at one of the leading hospitals of the city for treatment. With all her suffering, Mrs. Saunders never lost her sweet and kindly disposition which had characterized her whole life and when well and active she was known far and wide for her many deeds of real Christian charity. At her passing there was many a tearful eye and her bereaved ones felt that a saint on earth had been called to a better world to reap the reward she so richly merited. Accompanied by the many friends and relatives the remains were brought to Napa and after a solemn high Mass in the Catholic Church there, all that was mortal of this estimable lady was consigned to the blessed ground in the Catholic Cemetery.

Besides her husband John Saunders for 20 years foreman of the bottling works at Napa Soda Springs, Mrs. Saunders left the following relatives; Mrs. J. Kehoe of Sonoma, Mrs. M. Millerick of Schellville, Mrs. J. F. Gallagher of Nicasio and Tom Ryan of San Francisco. The late Mrs. D. Gallagher of Pt. Reyes was also a sister. Some years ago the little nine year old son of the deceased was called by death and the thought of being united with him brought peaceful solace to the mother now at rest in the quiet cemetery across the Napa hills.

The Sonoma Development Board will hold a special meeting Monday evening, Jan. 22, to consider matters of importance.

El Verano is to have moving pictures every Saturday night at the El Verano Villa. The good old winter time is not so slow here!

J. M. Hibbard, local agent for a nursery in Oregon reports that tree planting this spring is a big industry in Sonoma Valley.

S. Strong, who had the misfortune to break his shoulder last Fall, had the hard luck of falling from a tree this week landing on the same shoulder and breaking it all over again. Mr. Strong was engaged in picking some of Sonoma Valley's choice citrus fruit when a limb of the tree broke and he was precipitated to the ground with the above mentioned result.

ORDINANCE NO. 88.

Introduced by Trus. Breitenbach An Ordinance prohibiting the depositing of any gravel, soil or any other material, or the building of any fire on or in the Mountain Cemetery, the Public Plaza, or public place, in the City of Sonoma, except as hereinafter provided; and regulating the making of excavations in and the removal of soil or gravel from any streets, alleys and other public places in the City of Sonoma; declaring a violation of any of the provisions of this Ordinance to be a misdemeanor, and providing a punishment for such violation.

The Board of Trustees of the City of Sonoma does ordain as follows:

Section 1. Except on the order of all the members of the Committees of this Board on Streets and Sidewalks or Plaza and Cemetery as the case may be, having jurisdiction of the subject matter, it shall be unlawful for any person, firm or corporation to deposit any gravel, soil or any other material, or to build any fire, on or in the Mountain Cemetery, the Public Plaza, or public place, in the City of Sonoma.

Section 2. It shall be unlawful for any person, firm or corporation, except a properly authorized City official, to make any excavation in, or to remove any soil or gravel from, any street, alley, or other public place in the City of Sonoma, without first obtaining a permit in writing signed by all the members of the Committees of this Board on Streets and Sidewalks or Plaza and Cemetery as the case may be, having jurisdiction of the subject matter. This permit shall specify the place where such excavation shall be made and the extent thereof, or the place from which the soil or gravel is to be removed, and the quantity of soil or gravel to be removed, and the time within which such work shall be done; that it shall be understood and agreed between the party receiving the permit and the City of Sonoma that the party receiving the permit shall assume all responsibility for damages, accidents or like responsibility for damage that may be occasioned by the carrying out of the rights and privileges hereby granted by this permit. It shall also be understood by the party receiving the permit, that all excavated soil or other material which is to be returned to the excavation must be well tamped and thoroughly wet down, and where any street, alley, sidewalk or thoroughfare has been paved or gravelled, such pavement or gravel must be kept separate from the excavated soil, and must be placed in the refilled excavation, last.

Section 3. Before a permit as hereinbefore required is granted, the party asking for it must deposit with the Committee granting it a sum of not less than \$5.00, as a security that the excavation or excavations will be properly and satisfactorily refilled, and to cover the cost of refilling such excavation or excavations, in case the same shall be done by the City, after a refusal or neglect of the person to do so whose duty it is. It shall be optional with the Committee to exact a bond from the party asking for such permit, with at least two sureties, in lieu of such deposit. Conditions that said party asking for said permit shall properly and satisfactorily refill all excavation or excavations made pursuant to the provisions of this Ordinance.

Section 4. The Committee granting the permit may revoke it at any time when the work is not being done according to the requirements and satisfaction of the Committee.

Section 5. The provisions of Sections 2, 3, and 4 of this Ordinance shall not apply to any excavation or work that may be authorized by the Board of Trustees of the City of Sonoma.

Section 6. Any person who shall violate any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine not exceeding \$100.00, or by imprisonment in the City Jail for a period not exceeding fifty days, or by both such fine or imprisonment.

Section 7. This ordinance shall take effect and be in force from and after its passage, approval and publication.

In Board of Trustees finally passed and approved this fifth day of June 1907.

G. H. HOTZ, president of the Board of Trustees of Sonoma City.

Attest: JOSEPH B. SMALL, City Clerk.

Mrs. Henry Weber has been very sick with an attack of heart trouble. Her daughter Miss Henrietta who is in a physician's office in the metropolis came home to care for her mother.

The many friends of Miss Josephine Steiner will be glad to hear that she is recovering from an acute attack of the grippe.

Congressman-elect Lea leaves tomorrow for Washington D. C.

To the Ladies of SONOMA

Our lady representative will call at your home to show you what Calumet Baking Powder will do for you and why it is called the cook's best friend.

The demonstration and test she will make are interesting and instructive. The test is not a comparative test of the strength of different baking powders because the water glass test does not show the strength of baking powder that does not contain white of egg. The test will, however, show the superiority of Calumet in other respects and prove why it has solved all baking problems in millions of homes. Calumet is not only the best leavening agent possible to make, but it is sold at a popular price and is therefore an important factor in reducing the high cost of living.

Calumet is manufactured in the largest, finest and most sanitary baking powder plant in the world, by experts who make nothing but baking powder. Calumet received the highest awards for purity and efficiency at the world's greatest pure food expositions at Chicago in 1907, and at Paris, France, in 1912. Calumet contains only such ingredients as have been officially approved by the United States Food Authorities.

Calumet is guaranteed to be Pure in the Can and Pure in the Baking. Try Calumet once at our risk. Your money back without question if it isn't the best baking powder you ever used.
